ETBF's Organization

Members and Tasks of ETBF's Education Committee / Page 2

Tasks

ETBF's Educational Committee aims to increase the level of bowling knowledge and help developing new bowlers for our sport. Accordingly our Committee provides coaching and technical clinics for all ETBF member federations.

It is our goal to follow ENSSSHE's (The European Network of Sport Sciences in Higher Education) 5-level structure for the recognition of coaching qualifications in EU.

ETBF Educational Programs

Coaching Programs

ETBF provides Level I, II and III Coaching programs for the member federations to create a coaching and development program. ETBF also runs a recognition program for member federations' existing programs for equity levels.

Technical Programs

Our Technical Clinics include two programs:

Technical Certification Program

Ball Drilling & Pro Shop Management Program

Please visit www.etbfacademy.eu for more information about our programs.
