- 5.3 Only tournaments approved by the national federation, the zone and WTBA can be adopted in the EBT.
- 5.4 The tournaments in the EBT will be selected once a year based on an invitation to federations and organizers of EBT Tournaments in the foregoing tour, followed by applications from organizers and finally followed by a selection process based on the applications and possible further evaluations or investigations.
- 5.5 A maximum of three tournaments in the EBT will be selected from each federation.
- 5.6 Regardless if all areas of an application from a tournament, not adopted in the previous year's EBT, are meeting all criteria for adoption in the tour, it is the right of the ETBF Presidium to reject the adoption of the tournament for reasons such as:
- a. The ETBF Presidium evaluates the total number of tournaments to be too high
 - b. The tournament is fitting badly in the year schedule
 - c. The communication with the tournament organizer is very difficult etc.

- 6.6 Latest 6 months prior to the start of the tournament, the organizer will receive an invoice for the remaining 50% of the EBT fee (including eventually unpaid transfer fees from the first transfer).
- 6.7 As of the EBT 2009, the full EBT fee must be transferred to ETBF at the moment of applying.
- 6.8 When a tournament is adopted in the EBT, the organizer is obliged to pay the EBT fee, even if the tournament later on is removed from the tour as a consequence of an illegal date change (see chapter 15) or an illegal cancellation (see chapter 14).
- 6.9 EBT fees will, in principle, by decisions of the ETBF Presidium, be used for EBT and EBT related purposes.

9 Qualifications

- 9.1 The primary final of an EBT is the EBT Masters, which will be conducted in the year following the conclusion of an EBT.
- 9.2 Participants in the EBT Masters are the top 16 women and the top 16 men of the standings after the last EBT tournament of the previous year has been played.
- 9.3 In cases of withdrawals from the EBT Masters, replacements will be made by inviting players on position 17 and following positions of the end standings of the last EBT.
- 9.4 The EBT might count for qualification and/or seeding in other tournaments than the EBT Masters. Rules for other qualifications and/or seeding will be announced separately in each case.

10 EBT Masters

- 10.1 The EBT Masters is the final of an EBT. It will preferably be conducted in the period February - July.
- 10.2 The host of an EBT Masters can be a federation, a tour stop organizer or a company, as decided by the ETBF Presidium.
- 10.3 The minimum mandatory obligations for an organizer of the EBT Masters are:
- Transportation for all participants between the airport and the hotel at arrival and departure
 - Shuttle service hotel-bowling centre-hotel during the tournament
 - Normal administration of the tournament
 - To cover expenses for an ETBF Technical Delegate, unless ETBF has an agreement with an external source for lane maintenance during the EBT Masters
- 10.4 The EBT Masters consists of two divisions, one for women and one for men, with 16 players in each division.
- 10.5 The qualification will be played as follows:
- 18 games per player divided in 3 squads of 6 games
 - The first squad will be played on oil pattern I. The second squad will be played on oil pattern II. In the third squad one lane of a pair will be dressed with oil pattern I, and the other lane with oil pattern II
 - In all qualifying squads there will be the same number of players per pair of lanes
 - The top 8 players of each division after the qualification are qualified for the final
- 10.6 The final will be played as follows:
- A Round Robin starting from scratch consisting of 7 one game matches, followed by a one game position round
 - There will be 20 bonus points for a win, and 10 bonus points for a tie in the 7 matches. There will be no bonus points in the position round
 - In the position round the players will be paired according to the standings after the 7 matches, i.e. 1 against 2, 3 against 4, and so on
 - The standings after the 8 matches will be the final standings of the EBT Masters, unless it has been decided also to have a stepladder final
 - In special cases, primarily for publicity purposes, the ETBF Presidium may decide that the top 3 after the foregoing 8 matches, will play a stepladder final. It will in those cases consist of 2 one game matches, i.e. position 2 against position 3 in the first match, and the winner against position 1 in the second match
- 10.7 Ties will be broken as follows:
- Ties in squad standings according to Article 22.1
 - Ties in the qualification standings according to Article 22.1
 - Ties after the 7 matches in the Round Robin by draw

- d. Ties after the position round by a 9 and 10 frame roll-off. The roll-offs will be played on lanes decided by the tournament manager. The roll-offs will be repeated until all ties are broken for the top 8 standing
 - e. Ties in an eventual stepladder final according to Article 22.3
- 10.8 The minimum guaranteed total prize money, which will be shared equally between the two divisions, will for each EBT Masters be decided upon by the ETBF Presidium.
- 10.9 In addition to the minimum guaranteed prize money, it is an option for the EBT Masters organizer to offer additional prize money, which will be added to the total prize money.

11 Rules and tournament presentations

- 11.1 EBT Tournaments are governed by the following rules:
- a. The WTBA Playing Rules
 - b. The ETBF Constitution
 - c. The EBT Rules
 - d. The rules of the tournament
 - e. Tournament information presented in the ETBF Tournament Calendar
- 11.2 Organizers of EBT Tournaments are allowed to publish tournament rules and other tournament information at tournament websites, posters, flyers and other similar media.
- 11.3 According to the ETBF Constitution, it is not allowed to publish any information about a tournament before the tournament is approved by ETBF.
- 11.4 In cases where a difference between tournament information published by the organizer and tournament information presented in the ETBF Tournament Calendar exists, the information presented in the ETBF Tournament Calendar is prevailing.
- 11.5 Organizers of EBT Tournaments are entitled to present a maximum of two posters and some tournament flyers at the sites of other EBT Tournaments.
- 11.6 The prize fund for each of the EBT Tournaments is decided by the respective tournament organizer, as presented at the moment when the tour is published. For EBT Premiers, the prize list will be evaluated by and needs full approval from ETBF Presidium (see 4.4.e).
- 11.7 It is permissible to increase the total prize fund after a tour composition has been published, as long as it is coordinated with ETBF Presidium and reflected in the ETBF Tournament Calendar.
- 11.8 It is in not permissible to lower the prize fund, defined as all prize money allocated for individual players in the international part of the tournament, after a tour composition has been published. Should it still happen, then the organizer is

obliged to pay ETBF 20% of the difference between the changed prize fund and the prize fund listed when the tour was published.

- 11.9 If any national tax rule will or might influence the size of prizes to be paid to one or more players taking part, it is the obligation of the organizer to publish these rules at the ETBF Website. For tournaments, where no national tax rules are published at the ETBF Website, it is mandatory for the organizer to pay the prizes 1:1 as listed.
- 11.10 Tournaments not conducted according to standards as defined in these rules or conducted in conflict with other rule books as listed in this chapter might not be adopted in the next EBT.

12 Tournament standings and results

- 12.1 Standings must be presented for the following result categories:
- Squad standings
 - Qualification standing
 - Desperado standing
 - List of qualified players for the final
 - Each final step
 - Final tournament ranking including all entered players
 - Top 50 of the women's ranking
 - Top 50 of the men's ranking
- 12.2 For each of the result categories (12.1 a, b, c and e) the following must be presented
- Position number
 - Full name of the player
 - The club of the player
 - The country of the player
 - Each game score
 - A total of the game scores (not for head to head matches)
 - The handicap
 - A total of the game scores including the handicap (not for head to head matches)
- 12.3 For each of the result categories (12.1 d, f, g and h) the following must be presented
- Position number
 - Full name of the player
 - The club of the player
 - The country of the player
 - Ranking points (only for 12.1 g and h)
- 12.4 The text in all result presentations must be presented as a combination of capital letters and lower-case letters. To use lower-case letters or capital letters only is not permitted. Names are presented in the order first name, middle name and last name.

-
- 12.5 Each of the result categories must as a minimum be presented at a board in the centre and at the tournament website. In addition other media as wide screens or extra monitors should be considered.
 - 12.6 The pages from all result categories must be combined in one pdf file, which is forming the final and official list of results from the tournament. This list must also be available at the tournament website.
 - 12.7 Standings and results must be available in the centre and on the tournament website not more than half an hour after the conclusion of a squad or a final step.
 - 12.8 In cases where the score system provides a result export facility, it should be considered to establish an import to the tournament result software, with the purpose to reduce as much as possible the time gap between a completed squad/stage and the presentation of the results.

13 Guest and media services

- 13.1 Guests can for instance be media representatives, ETBF representatives, external lane maintenance staff and sponsor representatives.
- 13.2 If possible a separate room for guests should be available. If no separate room is available then at least a dedicated and shielded area of the centre must be provided.
- 13.3 Sufficient space, a dedicated table and a chair for each guest present must be available.
- 13.4 A fast Internet connection (preferably wireless) must be available for guests as specified in 13.1.
- 13.5 It is recommendable to consider free refreshments for guests and other similar conditions, as long as sponsorship and resources to provide such facilities are available.

14 Tournament cancellations

- 14.1 A cancellation of an EBT Tournament, after the composition of a tour has been published, is in principle not allowed, but should it still happen, the consequences will depend on the moment of cancellation.
- 14.2 If a tournament is cancelled in the period from the moment when the Tour is published until 30 November in the year before the tour starts, the organizer is obliged to pay the full EBT fee, i.e. an already paid EBT fee will not be reimbursed, unless the ETBF Presidium is able to replace the cancelled tournament. In such a case the organizer is still obliged to pay half of the EBT fee.

-
- 14.3 If a tournament is cancelled in the period after 30 November in the year before the tour starts or during the tour, the organizer is obliged to pay the full EBT fee without any exception, i.e. an already paid EBT fee will not be reimbursed.
 - 14.4 If a tournament is cancelled (regardless the moment), players, who have already entered, must be compensated in full for any incurred loss or damage, meaning for example that non refundable tickets for air and/or surface transportation must be reimbursed by the organizer upon receipt of proven documentation.

15 Tournament dates

- 15.1 The date of the first day of a tournament can normally be changed, if it is accepted by the ETBF Presidium.
- 15.2 It is not possible to change the last day of a tournament or to change the whole period of a tournament. In special situations (for instance in case of a suddenly occurring clash with another bowling event adding a substantial financial risk to a tournament) it might however be accepted by the ETBF Presidium.
- 15.3 In a situation where the last day of a tournament or the whole period of a tournament is changed, without permission from the ETBF Presidium, the tournament might be removed from the EBT, in which case the organizer still is obliged to pay the EBT fee, i.e. an already paid EBT fee will not be reimbursed.
- 15.4 An EBT Tournament must end minimum two days prior to the first day of the World Ranking Masters, the World Championships or the European Championships.
- 15.5 Clashes between EBT Tournaments will in principle be avoided and if clashes are accepted, it will only be in situations where the organizers with clashing tournaments agree, where the ETBF Presidium approves the clash and in a situation where the clash is evaluated as being for the benefit both for the EBT and for the organizers.

16 Women handicap

- 16.1 In case of a mixed women and men division, women will be awarded 8 pins per game handicap in all whole games played in the tournament.
- 16.2 A handicap is counted as a pin fall.
- 16.3 No handicap will be awarded in roll-off shots and roll-off frames.

17 Entry policy

- 17.1 The recommended number of possible entries per player in a tournament is unlimited, but each organizer is allowed to define a limitation of possible entries per player.

-
- 17.2 In the period before the tournament, each player is allowed to order a maximum of three entries, one primary entry and two re-entries. Maximum two of the pre-orders may be placed on the last two qualification days in the tournament.
- 17.3 Before as well as during the tournament, players are signed up for qualification squads by using the first-come-first-served method.
- 17.4 If a player has already made 3 reservations, no more reservations can be made until one of them has been played.
- 17.5 When a player is signed up for a squad, he will get a priority number, which will be one number lower each time another player with a lower priority number has cancelled his entry from the squad.
- 17.6 Until half an hour before a squad a player is entitled to cancel a re-entry.
- 17.7 In general all bookings must have the name of the individual players specified. However, if the organizer has the full confidence that all booked places will be filled, then bookings (often in groups) from a federation, club or individual may be permitted. In such cases it is recommended that a deadline be specified for submitting the names of the players. Such deadline should be set at minimum one month prior to the first day of the tournament.
- 17.8 A player cannot, regardless the moment of cancellation, cancel on behalf of another player, i.e. a player must cancel in person.
- 17.9 A player cannot give pre-booked spots to another player. A player not coming is a player cancelling (see 17.8). The other player must be considered as a new player and that player will be placed at the bottom of the priority list in the squads where he signs up. The only exception from this rule will be in cases, where an organizer has accepted a group booking from a national team.

18 Qualification squads

- 18.1 A limited number of qualification squads might be open only for a dedicated group of players, such as youth players or local players, but in general qualification squads are open to all eligible players, who want to participate in the tournament.
- 18.2 The number of games in qualification squads is minimum 6; however, if the number of lanes in the centre ensures capacity for a sufficient number of players to participate in the tournament the number of games in qualification squads might be 8.
- 18.3 The playing time in 6 games qualification squads must be scheduled as follows:
- 2,0 hours for 2 players per pair of lanes
 - 2,5 hours for 3 players per pair of lanes
 - 3,0 hours for 4 players per pair of lanes
 - 4,0 hours for 5 players per pair of lanes

-
- e. 4,5 hours for 6 players per pair of lanes
- 18.4 The playing time in 8 games qualification squads must be scheduled as follows:
- a. 3,0 hours for 2 players per pair of lanes
 - b. 3,5 hours for 3 players per pair of lanes
 - c. 4,0 hours for 4 players per pair of lanes
 - d. 5,0 hours for 5 players per pair of lanes
 - e. 5,5 hours for 6 players per pair of lanes
- 18.5 The lanes must be stripped and re-dressed before each qualification squad.
- 18.6 The dressing time for qualification squads will normally be scheduled as one hour, but in certain situations, such as a limited number of lanes available or more than one dressing machine available, a different time for dressing might be permitted.
- 18.7 Practise
- a. For qualification squads with 2 players per pair of lanes the practise time is 5 minutes
 - b. For qualification squads with 3-4 players per pair of lanes the practise time is 10 minutes
 - c. For qualification squads with 5-6 players per pair of lanes the practise time is 15 minutes
 - d. For a desperado squad the practise time is 10 minutes regardless of the number of players per pair of lanes
- 18.8 For all stages in the tournament referees must be available, at least one for each 8 lanes. The referees must be positioned in such a way, that they have a good overview of the lanes and are clearly visible to the players.

19 Final stages

- 19.1 The number of players and the number of games to play in each final stage are defined by the organizer, but the number of players to qualify can never be less than 36 and must in each case be approved by the ETBF Presidium.
- 19.2 Squad, practise and dressing times must, in a reasonable interrelation, reflect the similar times presented in chapter 18.
- 19.3 The lanes must be stripped and re-dressed a reasonable number of times in between stages in the final, basically depending on the number of games played on each lane in a stage and the format.

20 Lane assignments

- 20.1 In due time before a squad or a final stage, the players must be assigned to their starting lane by a manual or computerized draw witnessed by a neutral person or notary public. The starting lane must be printed on a score sheet or similar documentation. The starting lane is relative (see 20.2).

-
- 20.2 In case of absent players or cancelled re-entries after the draw has been made, it is the right of the organizer to move players, normally from lanes with high numbers, to other lanes with free lane positions to limit the number of pacers needed.
 - 20.3 In cases where a player is signing up for a squad after the draw has been made, the player will be assigned to the first free lane position in the squad.
 - 20.4 The number of players per pair of lanes may vary from one to another squad. However, within the same squad no variations are permitted.
 - 20.5 When needed, pacers must be used to ensure the same number of players per pair of lanes in a squad.
 - 20.6 In EBT Challengers, also adopted in the EBT 2007, it is permitted, but not recommended, to conduct squads with 2-6 players per pair of lanes. For all other tournaments the number of player per pair of lanes must be 2-4.

21 Lane movements

- 21.1 With the exception of head to head matches, lanes must be changed after each game.
- 21.2 If the score system provides the possibility, then players positioned at the left lanes move left and players positioned at the right lane move right.
